- Sound recording / Editing
- Photography
- Motion Graphics
- Maya
- Web Design HTML/CSS
- Mac / Ubuntu / Windows

Software

- Adobe Photoshop
- Adobe Illustrator
- Final Cut Pro
- After Effects
- Adobe Flash
- Logic studio

Communications:

Confident presenter. Able to explain and sell Ideas to clients and colleagues. As a very creative individual I am constantly discussing new ideas and projects.

Creativity / Business / Teamwork:

I saw a niche in the market for artists looking to sell and exhibit their work. I started the Art House program supporting artists of any age to sell and exhibit work for free in a busy local coffee shop. This generates income and exposure for the artist, while also increasing footfall inside the premises. This venture has since expanded; I am now working in collaboration with an established artist and a honors Degree Business Graduate. We are currently sourcing known artists to exhibit on the top floor of the premises, which is being converted into a gallery space. I have been approached by The Cork Mid summer festival in relation to this project.

Work Experience

Jun 2010 - Aug 2010

Freelance video editor for Global Skateboarding .tv
Logging and editing professional skateboard footage.

May 2009 - Oct 2009
